If three heats fail to be raced, the series shall be abandoned and the shield retained by the current holder until the next series is decided.

9.9.7 The winning Club shall hold the Shield for the subsequent season.

9.10 Handicapping System

All Performance Handicap System (PHS) Series will be scored using the TopYacht handicapping software using the exponential option.

In the TopYacht system, three handicaps are defined;

AHC - Allocated Handicap. This is the handicap used for the current race. For race 1, this handicap is allocated by the handicapping committee. For subsequent races, the AHC is the CHC calculated from the previous race.

BCH - Back Calculated Handicap. This is calculated by the system and shows the actual performance of a yacht in a particular race. It is the handicap that when applied to a yacht's elapsed time, will result in the BCH *reference time* for that race. The BCH *reference time* is calculated to be the average time of the 46% yacht in the fleet.

CHC - Calculated Handicap. This is calculated by the system using the BCHs from the last three races and the parameters programmed into the system. It is the handicap that will be used for the next race.

During a series, yachts typically have one great performance and some bad due to breakages, etc. *Limits* are a mechanism to accommodate these anomalies. These function as follows:

Low limit: If the BCH is below this limit, the competitor is assumed to have broken something, etc and the BCH is not representative of a yacht's normal performance. In this case, the BCH for that race is ignored and the CHC will remain unchanged.

High limit: If the BCH is above this limit, the BCH for that race will be subject to the clamp. Two or more consecutive BCHs above this limit are considered as an improving performance. Thus the second and subsequent CHC averages will use the full BCH rather than the Clamped values.

A maximum downward change in the CHC over a series with reference to the starting AHC is limited to 10%. The maximum downward change in the CHC for Wednesday Twilight Cruising Series will be limited to 15%.

Series Clamps & Limits

Series	Clamp	Low Limit	High Limit
Summer Inshore	±6%	10%	20%
Summer Offshore	±6%	10%	20%
Winter Series	±6%	10%	20%
Short-handed	±6%	10%	20%
Twilight Cruising	±10%	20%	20%

The handicapping committee may review any yacht during a series and make manual adjustments at their discretion.

Competitors who join a Series after one or more races have been run will be awarded the DNC score for the first (non-abandoned) race run after the competitor joins the series for all races prior to entry. Previously allocated DNC scores for other boats in the series will not be altered.

10. Penalty System

10.1 Rule 44.1 shall apply; a Two Turns Penalty will generally apply.

10.2 Decisions of the Protest Committee will be final as provided in rule 70.5

11. Prizes

11.1 Prizes will be awarded for all Series shown in section 11 in proportion to the number of boats entered in a series.

A prize will be awarded to first place only with five boats entered, prizes will be awarded to first and second place with six to seven boats entered, and prizes will be awarded to the first three places with eight or more boats entered.

14.1 **Warning:** Sailing and activities associated with it involve risks of personal injury, loss, damage and even death. The risks include, but are not limited to, the risk of injury from collision, capsizing, falling overboard, being trapped under a sail or boat after capsize and impact with equipment. The risks involved in this activity are increased by adverse weather conditions, inadequate training, fatigue, inexperience, failure to maintain the boat, failure to supply and use the recommended safety equipment and failure to observe the RRS, AS Prescriptions and the Sailing Instructions

14.2 The Organising Authority relies upon the provisions and limitations of the South Australian Civil Liability Act 1936 and notifies all race participants who engage in recreational activity that they do so at their own risk. See Rule 4, Decision to Race, **“The responsibility for a boat’s decision to participate in a race or to continue racing is hers alone”**.

14.3 Having given this risk warning, the Organising Authority will not accept any liability for material damage, personal injury or death sustained in conjunction with, prior to, during, or after racing.
